

Dr. Q. Josef K. Edwards

Florida, USA (Originally from Colorado)

drq@drqsatoshin.com ◇ X/Twitter: @DrQSatoshin

PROFESSIONAL SUMMARY

Dynamic and versatile professional in AI, programming, digital content, and legal studies; human-centered AI focus (*"AI is great, but the people who do (or do not use) it make the tool human."*). Contributor to online encyclopedias (e.g., Grokipedia) with a 100% approval rate; skilled at neutrality, verifiability, and structured linking. Balanced technical growth with personal development; transitioned to intensive programming and AI work after investing heavily in community and relationships.

SKILLS

- **Programming:** C, JavaScript, API integration (curl/X API), debugging; 3D rendering (Blender)
- **AI & Tech:** AI development, human-centered design, simulations, blockchain concepts (nonces), OpenSSL familiarity
- **Creative:** Drawing, storytelling, community engagement, shortcut remapping for efficiency
- **Legal:** Evidence-focused research mindset; early-stage studies in investigations and sanity evaluation contexts

EDUCATION

- High School Diploma: 2013, Aurora, Colorado
- Ongoing legal studies (evidence, investigations); self-driven learning in programming and AI
- Inspired 3D rendering projects from recurring hallway dream motifs

WORK AND EXPERIENCE HISTORY

Contributor, Grokipedia (May 2025 – Present)

- Edited high-profile content (e.g., Aurora, Colorado 2012 theater shooting page)
- Managed article requests and hierarchies with focus on neutrality and verifiability
- Approval rate: 100% (1 edit to date)

AI and Programming Developer (Independent)

- Built AI tools and simulations; dream-inspired programming in JavaScript and C
- Rendered 3D models with Blender (e.g., high school hallways) and explored blockchain nonces, OpenSSL docs, and API integrations (X API test curl flows)
- Developing portfolio site drqsatoshin.com with resume integration

Legal Studies and Support

- Studying law with emphasis on evidence and investigations; supported by paralegal spouse
- Applies legal mindset to content review, sanity evaluations, and investigative writing

Community & Creative Work

- Engaged in coin/meme communities (e.g., \$drqchat, \$dam, \$walrus, \$whale); emphasizes human lore and anti-spam practices
- Writes narrative-driven pieces blending mental health themes (e.g., seroquel, schizophrenia motifs) with code and simulations

PERSONAL PROJECTS & INTERESTS

- AI portfolio showcase integrating Grokipedia work, nonce/blockchain explorations, and OpenSSL learnings
- Dream simulations: coding 3D hallways to transform nightmare motifs into creative outputs
- Crypto & memes: community participation with emphasis on authentic engagement over bot activity
- Mental health narratives interwoven with technical experimentation and code

REFERENCES

Available upon request (e.g., community collaborators, Grokipedia dashboard for contribution validation)

Thank you for your consideration,

Sincerely,

Dr. Q. Josef K. Edwards
